

# CMSI 401 Project Status Sheet

Fall 2018

<b>Name:</b>	Jordan Woods	<b>Date:</b>	3/24/18
<b>Project:</b>	TextBooked	<b>Period Covered:</b>	3/9 – 3/24

## Accomplishments since last report:

- Completed most of frontend.
- Hooked up frontend and backend.
- Got Firebase setup and connected.
- Able to post new textbooks for sale.
- Frontend updates with information from database.
- Logo, app icon, and color scheme chosen.

## Scheduled tasks to be done by next report:

- Get more user information than just email.
- Figure out how to upload image to Firebase from UIImagePickerController.

## Noteworthy risks, concerns, or problems:

- Figuring out how to upload images to Firebase after uploading from the camera roll/library.
